

6 years of GST

Why in news?

Touted as one of the biggest tax reforms, India's Goods & Services Tax (GST) turned six years this year.

What is Goods and Service Tax?

- **History** The idea of a Goods and Services Tax (GST) for India was first mooted during the Prime Ministership of Shri Atal Bihari Vajpayee.
- The Constitution (**122nd Amendment**) Bill was introduced in 2014 in the Lok Sabha and was passed by Lok Sabha in May 2015.
- The Constitutional amendment was passed and notified as Constitution (101st
 Amendment) Act 2016 which paved way for introduction of Goods and Services Tax in India.
- GST was launched with effect from 1st July 2017.
- **Goods and Services Tax -** GST completely transformed the indirect tax structure of India.
- GST was born out of subsuming of 17 taxes and 13 cesses levied by the Central and State governments.
- Apart from zero-rated goods, the new structure has just four tax slabs 5%, 12%, 18 and 28%.
- **GST Council** The GST Council is a joint forum of the Centre and the States which makes recommendations to the Union and the States on GST.
- Every decision of the GST Council is taken at its meeting by a majority of not less than 3/4th of the weighted votes of the Members present and voting.

Why was GST launched?

- GST was launched with the motto, "One nation, One market, One tax".
- It aimed to bring unity and benefits for all stakeholders, governments, taxpayers, and administrators alike.
- It also simplifies the compliance for businesses and makes the tax system more transparent with several features.
- Features of GST -
 - Unified taxpayer base governed by a uniform set of laws and procedures;
 - Common management of business records and filing returns;
 - An uninterrupted input tax credit chain through the mechanism of Integrated Goods and Services tax (IGST);
 - Completely automated and faceless administration with all processes being online.

- Over the last five years, the Value of Goods Transported Inter-State (Domestic Only) increased by 44% and the Cumulative Value of Imports and Domestic Goods increased by 34%. Economic Advisory Council to the Prime Minister (EAC-PM)
- The taxpayer base has witnessed a remarkable increase, surging from 63.9 lakh in 2017 to approximately 1.40 crore currently.

What are the benefits?

- Despite the introductory challenges, one cannot deny the benefits that GST has provided to businesses and the Indian economy.
- Few highlights of the GST regime
 - Single indirect tax regulatory framework for businesses
 - \circ GST eliminated the cascading effect of taxes and reduced manufacturing costs.
 - Reduction of cascading effect of taxes
 - Digitization of compliances
 - Federal cooperation and enhanced economic integration of the States.
- **Revenue standpoint** this tax reform has witnessed a considerable increase in average revenue per month including in most cases during the pandemic year 2020-21.
- It simplified the processes of return filing through technological advancement in GST continues.
- E-invoicing today covers a taxpayer base which contributes more than 80% of GST revenue.

What are the challenges?

- Initially the tax regime's technical, structural and procedural challenges took a while to sort out.
- Bogus firms and <u>fake invoices</u> causes revenue loss and also adversely affects the competitiveness of honest taxpayers.
- Dispute resolution remains a pain point for industry, with <u>GST appellate tribunals</u> still not set up.
- There is <u>no road map</u> in sight on the rate rationalisation exercise or the inclusion of excluded items such as electricity, petroleum and real estate, without which the efficiency gains from the GST remain constricted.
- The GST Council needs to <u>meet more often</u> and turn its to-do list into a must-do list expeditiously.
- Extension of GST <u>Compensation cess</u> levies till at least March 2026, instead of the initial 5-year tenure.

What is the way forward?

- The risk parameters for the new applicants are continuously refined through use of <u>data analytics and AI</u> to control the rogue players.
- Taxation of online gaming activities and transactions involving cryptocurrency are few new areas that deserve attention under GST.
- Setting up of <u>Centralised Authority</u> to address the issues arising from contradictory

orders passed by the Authority for Advance Rulings (AARs) in different states.

- A <u>National Appellate Authority</u> for Advance Ruling with the inclusion of judicial members in bench may improve this tax reform.
- A <u>white paper</u> for each industry with clarifications on major issues should help further improve the certainty index.
- Operationalization of the <u>GST Appellate Tribunal</u> to help taxpayers in getting quicker cost-effective resolution.

Quick Facts

- E-way bills help the government track the movement of goods across the country.
- **E-invoicing** is a system of electronic, standardised invoicing that enables seamless data sharing and tracking between businesses and the government.
