

# **Handling Child Rape Cases**

## What is the issue?

\n\n

\n

- With the recent Kathua and Unnao rape incidents, the demand for death penalty for rape convicts is back.
  \n
- However, the decision on death penalty needs a thorough view through the social and legal lenses of the nation.  $\n$

\n\n

#### What are the two recent cases?

\n\n

\n

- Kathua It involves an 8-year-old girl from Kathua, J&K.  $\nphi n$
- She was abducted, drugged, raped and killed.  $\space{\label{eq:linear} \space{\label{eq:linear} \space{\label{eq:linear} \space{\label{eq:linear} \space{\space{\label{eq:linear} \space{\space{\label{eq:linear} \space{\space{\label{eq:linear} \space{\space{\label{eq:linear} \space{\space{\label{eq:linear} \space{\space{\label{eq:linear} \space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\space{\spaae{\space{\space{\spa$
- The accused are identified and arrested.  $\slash n$
- Notably, the deceased is a Muslim girl and the accused are Hindus.  $\space{\space{1.5}n}$
- These identities have made it an issue of communal politics. h
- Unnao A minor girl was allegedly lured by promise of patronage and was raped by the local MLA from the current ruling party.  $\n$
- Her family had to struggle to get a complaint registered.  $\slash n$
- She then went missing, and a case of abduction was registered. h
- She was recovered and gave a statement that did not implicate the MLA. h
- She and her family persisted in alleging rape and began to protest outside the CM's residence in Lucknow, UP.  $\n$

- Her father is said to have been beaten up by the MLA's brother and then, picked up by the local police.  $\gamma_n$
- He was sent to jail, where he eventually died in judicial custody.  $\ensuremath{\sc n}$
- The government interfered and the policemen involved in the arrest of the father were suspended.  $\n$
- The case was transferred to the CBI and the MLA was arrested.  $\n$
- The charges of rape may or may not be established, but the abuse of power is evident.

### Why are child rape cases complex?

\n\n

∖n

- Nature Child sex abuse is a complex crime unlike murder. n
- There is an attitude of equating family 'honour' with such incidents.  $\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\space{1mm}\sp$
- Societal taboo, under-reporting and hostility to the victim make it more complicated.

\n

- Underreporting In 95% cases, the perpetrator is known to the child.  $\nphin$
- $\bullet$  In such cases, the child is under severe pressure to not report the abuse.  $\slash_n$
- In most cases, the child victim turns hostile.  $\slash n$
- Apparently, only a lesser percentage of them actually testify against the accused.

\n

• The severity of punishment holds children (family) back from reporting and testifying.

\n

- This, along with poor investigation, results in low conviction rates.  $\ensuremath{\sc n}$
- $\ensuremath{\text{POCSO}}$  The POCSO Act has provisions for special, child-friendly courts.  $\ensuremath{\sc n}$
- It calls for in-camera testimony, child psychologists, protection officers and educators.

- However, these are rarely implemented in states.  $\slashn$
- This results in hostile questioning by defence lawyers, threats by the perpetrators, and delays in registering of cases.  $\n$
- In the present case, owing to its special status, J&K does not even have a POCSO law.
- So the perpetrators must be tried under the Indian Penal Code.  $\slash n$

\n\n

## Is the call for death penalty valid?

\n\n

\n

• **Rationale** - The demand for death penalty arises from disgust and society's need for revenge.

\n

- This alone could not certainly be the basis for deciding on death penalty.  $\space{\space{1.5}n}$
- **Effect** Death penalty is already a provision in most cases.
- Evidently, it has not been an effective deterrent against crime.  $\slashn$
- It will only aggravate the problem of under-reporting of child sex abuse cases.

\n

- Judicial system There is a legitimate concern that the country's judicial system has not been consistent in awarding death penalty. n
- The Law Commission earlier recommended abolition of death penalty, except in terrorism-related cases.
- It however observed that it is difficult to operate the 'rarest of rare cases' principle without a hint of arbitrariness.  $\n$
- It is wrong to force judges to compare the relative 'merits' of rape victims based on age and choose between death sentence and life.  $\n$

\n\n

# What is the way forward?

∖n

\n\n

- Legislation Public sentiments do matter in a democracy.  $\slashn$
- But it cannot replace sensible policies and the rule of law.  $\slashn$
- Legislation thus ought to be a well-considered exercise.  $\space{\space{1.5}n}$
- It should not be a response to popular outrage in particular incidents.  $\ensuremath{\sc n}$

\n\n

\n

- **Policing** The issue of lack of public trust in the police should be addressed.  $\n$
- It must be ensured that the police serve without fear or favour.  $\slash n$
- They must abide by due process, and devote enough time and resources to handling heinous cases.
- They must be allowed to carry out investigations without undue pressures and influence.  $\gamma_n$
- **Social** Besides these, the social attitudes towards women and children ought to change.
  - ∖n
- Sensitisation on gender matters and proper socio-psychological support are essential for the society in general and the potential perpetrators in particular.
