

# **International Monetary Fund (IMF) bailout**

# Why in news?

Recently Sri Lanka secured a \$3 billion bailout from the International Monetary Fund (IMF) amid the worst economic crisis.

## What is IMF?

- **Establishment** The IMF was established in 1944 in the aftermath of the Great Depression of the 1930s.
- **Aim** To bring about international economic coordination to prevent competing currency devaluation by countries trying to promote their own exports.
- **Membership** -IMF has 190 countries as its members.
- **Headquarters** -Washington, D.C., United States.
- Role IMF is the last resort lender for countries facing severe economic crises.
- The IMF fosters international financial stability by providing
  - Policy advice
  - Financial assistance
  - Capacity development
- IMF provides financial support to countries hit by crises in order to restore economic stability and growth.
- IMF does not lend for specific projects.
- Resources of IMF IMF funds come from three sources
  - Member guotas
  - Multilateral borrowing agreements
  - Bilateral borrowing agreements

#### What is the IMF bailout?

- **Bailout** Means extending support to an entity facing a threat of bankruptcy.
- **Lending** The IMF lends money countries the form of Special Drawing Rights (SDRs)
  - Special Drawing Rights (SDRs) is a basket of five currencies, US dollar, Euro,
    Chinese Yuan, Japanese Yen and British Pound
- The bailout can be executed in the form of loans, cash, bonds, or stock purchases.
- **Reasons for bailout** Countries seek IMF bailouts for the following reasons
  - To resolve macroeconomic risks
  - To solve currency crises
  - To meet external debt obligations
  - To buy essential imports
  - To push the exchange value of their currencies
- Conditions The countries are expected to meet following conditions for the IMF

#### bailout

- Structural reforms such as fiscal transparency, tax reforms.
- Reforms in state-owned enterprises.
- Reforms in macroeconomic variables like monetary and credit aggregates.
- Reforms in international reserves.
- Reforms in fiscal balances and external borrowing.

#### What about the crisis in Sri Lanka and Pakistan?

- <u>Sri Lankan economy crisis</u> Sri Lanka witnessed a sharp rise in domestic prices and the exchange value of their currencies plunged.
- Currency crisis are usually the result of mismanagement of the currency by its central bank.
- It is partly contributed to decline of foreign tourists during the Covid-19 pandemic.
- Pakistan economy crisis It is a part of 2022-2023 political unrest in Pakistan.
