### **Greater Adjutant Storks**

- It is the world's most endangered of the stork species.
- Earlier it was distributed throughout northern and eastern India and many countries of south and south-east Asia, it is currently only in Assam and Bihar and a few other locations in Cambodia.
- It is listed as "Endangered" in IUCN Red list of threatened species.
- It is locally called 'Hargila' in the Brahmaputra Valley in Assam, which harbours more than 80% of the global population of the species.
- It is considered family by women of Dadara and Pacharia villages in Assam's Kamrup district.
- Families observed a unique ceremony of baby shower for the greater adjutant nesting in their neighbourhood.
- They build colonies on tall trees during their breeding season in winter.
- A campaign was launched in Assamto save the birds by Aaranyak, a wildlife conservation organisation in 2009.
- Assam's renowned environmentalist Purnima Devi Barman has won the prestigious Whitley Awards, also known as the Green Oscars, for her efforts in conserving greater adjutant storks in association with Aaranyak.

# **UNESCO Creative City**

- The UNESCO Creative Cities Network (UCCN) was launched in 2004 to promote cooperation among cities which recognized creativity as a major factor in their urban development.
- It aims to foster mutual international cooperation with and between member cities committed to investing in creativity as a driver for sustainable urban development, social inclusion and cultural vibrancy.
- The Network recognizes the following creative fields:
- 1. Crafts and Folk Arts
- 2. Media Arts
- 3. Film
- 4. Design
- 5. Gastronomy
- 6. Literature
- 7. Music

- The overall situation and activities within the Network are reported in the UCCN Membership Monitoring Reports, each for a 4-year period for a particular city.
- The Network recognizes the concept of creative tourism, defined as a travel associated with creative experience and participation
- The following three Indian cities has been added to UCCN Varanasi for Music, Jaipur for Crafts and Folk Art and Chennai for Music.
- To become part of the network of 180 cities, where development is believed to be intricately linked to their creative traditions.
- **Recent Developments** Hyderabadhas now been officially designated as a UNESCO Creative City of Gastronomy and Mumbai in Film Category.
- These 2 cities are among 66 cities named by the UNESCO in the list of new Creative Cities which aims at pushing the Sustainable Development Goals through innovative thinking and action.
- Hyderabad is the city of biryanis, kebabs, haleem, kallu, shikampur and chowki dinners.
- Pre-Islamic Kakatiya cuisines (12th century) have interacted in an incredible fashion with the arrival of Turks in 15th century, followed by Mughal influences in the 17th century.

#### **National Health Profile**

- National Health Profile (NHP) 2019 has been released by the Central Bureau of Health Intelligence.
- It covers demographic, socio-economic, health status and health finance indicators, human resources in the health sector and health infrastructure.
- It is also an important source of information on various communicable and non-communicable diseases that are not covered under any other major programmes.
- **Key Findings** India has registered an improved sex ratio from 933 in 2001 to 943 in 2011.
- In rural areas the sex ratio has increased from 946 to 949 and in urban areas from 900 to 929.
- Kerala has recorded the highest sex ratio in respect of total population (1,084), rural population (1,078) and urban (1,091).
- The lowest sex ratio in rural areas has been recorded in Chandigarh (690).
- India also shows a decline in birth and death rates.
- Non-communicable diseases dominating over communicable in the total disease burden of the country.
- The estimated birth rate reduced from 25.8 in 2000 to 20.4 in 2016 while the death rate declined from 8.5 to 6.4 per 1,000 population over the same period.

- The total fertility rate (average number of children that will be born to a woman during her lifetime) in 12 States has fallen below two children per woman and 9 States have reached replacement levels of 2.1 and above.
- Delhi, Tamil Nadu and West Bengal have the lowest fertility rate among other States.

#### Mekedatu Reservoir

- The Mekedatu Reservoir project envisages building a balancing reservoir in Cauvery River with storage of 67 thousand million cubic feet (tmc ft).
- It would also supply drinking water to Bengaluru and Ramanagaram districts, besides generating power.
- The proposal received the Karnataka Cabinet's approval in February 2017 and the feasibility report was submitted to the Central Water Commission (CWC).
- CWC has allowed Karnataka to go ahead with the project with the prerequisite that it should get No-Objection Certificate (NOC) from the Cauvery Water Management Authority (CWMA).
- After obtaining NOC from CWMA, the proposal will be considered by Advisory Committee of the Ministry of Jal Shakti, whose concurrence is mandatory for a project on any inter-State river.
- Karnataka has been contending for the project to help store excess water in Monsoon surplus year.
- Tamil Nadu has been opposing the project that it would effectively prevent the flow in the Cauvery, the lifeline for agriculture in delta districts, besides being a major drinking water source for several districts.

# **Vyas Samman**

- The Vyas Samman, started in 1991, is given by K K Birla Foundation for an outstanding literary work in Hindi authored by an Indian citizen published during the last 10 years.
