Economy

Mansi–Saharsa Doubling Project

Indian Ministry of Railways has officially approved the Rs.499 crore Mansi–Saharsa Doubling Project recently.

• **Project specifications**
  - **Location –** *Bihar.*
  - **Section length –** 44.40 kilometers.
  - **Route under** – *East Central Railway (ECR) zone*.
• **Advantages** –
  - To reduce operational bottlenecks.
  - To improve train punctuality.
  - To ensure safety for passenger travel.
• **Significance –** It helps *augment track capacity and ease severe route congestion.*

Central Board of Direct Taxes (CBDT)

Recently, Centre extended CBDT Chairman's tenure by six months.

• It is the *statutory apex body responsible for administering direct tax laws in India.*
• **Constituted under –** *Central Boards of Revenue Act, 1963.*
• **Operating under** – Department of Revenue, *Ministry of Finance.*
• **Role** –
  - To provides policy and planning inputs to government.
  - To recommend modifications to direct tax structures.
  - To manage rigorous investigative frameworks to prevent tax fraud.

Net Remittances from West Asia to India

Despite the West Asia crisis, net remittances from the region to India rose to $16 billion in April 2026.

• **Growth rate –** 70% increase compared to April 2025.

• **Reason for resilience –** Remittances are tied to *employment and wage levels in host economies*, not financial market volatility.

• **Comparison –** Unlike FDI, portfolio flows, or debt flows, remittances remain *acyclical and stable.*

• **Note** – *Remittances recorded under* ***Current Account*** of a country's Balance of Payments as "invisibles".

Science

Electronic Interlocking (EI) project

Recently, Indian Railways has sanctioned a project for the replacement of relay-based interlocking with EI.

• It is a modernized, *computer-based railway signaling system.*

• **Objectives** –
  - To ensure control of train movements, track switching, and signal management via a digital interface.
  - To *replace outdated relay-based installations* with software-controlled networks,
  - To allow station operators to change tracks and lower signals with the click of a mouse.

• **Safety feature** – *EI integrate easily with* advanced train protection systems—such as the
  - Indigenous Kavach system.
  - Automatic Block Signalling (ABS).
  - Centralised Traffic Control (CTC).

• **Significance** – *Improves system reliability and fault diagnosis.*

Infrastructure

Delegation of Financial Powers to DRDO (DFP-2026)

Recently, the Delegation of Financial Powers to DRDO (DFP-2026 is released.

• **Released by** – *Ministry of Defence*.

• **Designed to** – Enhance efficiency, accountability, and the decentralized execution of strategic research.

• **Objectives** –
  - To expand financial autonomy at multiple tiers.
  - To eliminate bureaucratic bottlenecks.
  - To shorten development timelines.

• **Significance** – This framework *will reinforce Aatmanirbhar Bharat vision & strengthen defence preparedness.*
