#### **Economy**

# **Electricity Generation Capacity in India**

- Out of the total electricity generation capacity from thermal power plants, *private sector* power plants have a capacity of 36.20%, the State sector has 32.03% and the central sector has the capacity of 31.77%.
- NITI Aayog data show that India accounts for 20,794.36 kg of carbon emission from electricity generation.

Electricity is a **Concurrent subject** (Entry 38 of List III of the Seventh Schedule of the Constitution), which allows both the central and State governments to legislate on electricity matters.

- According to the Central Electricity Authority (CEA), <u>Maharashtra</u> had the <u>highest non-renewable electricity generation capacity</u>, followed by Uttar Pradesh and Gujarat in 2022-23.
- **Rajasthan** had the <u>highest renewable electricity</u> generation capacity in India.

# Science & Technology

#### **Bacterial Cellulose**

- **Bacterial cellulose** It is a <u>biodegradable, natural polymer</u> produced by certain bacteria.
- **Usage** Human medicines, paper restoration, food, cosmetics textiles, construction materials, electronics and blood vessel regeneration.
- **Potential Applications** Agriculture, such as facilitating grafting, preserving cut plant material and serving as a growth medium in laboratories.
- It is also known as microbial cellulose.

#### Matsva-6000

- It is the  $4^{th}$  Generation deep-ocean human scientific submersible.
- Part of Samudrayan Project.
- **Capacity** To accommodate 3 humans within its compact 2.1-meter diameter spherical hull.
- **Design and developed by** National Institute of Ocean Technology of Ministry of Earth Sciences.

#### Array of components:

- A main ballast system for diving
- Thrusters for movement in all three directions
- A battery bank for power supply
- Syntactic foam for buoyancy.

#### Miscellaneous

# Forward Faster Sustainability Awards 2025

- Organized by UN Global Compact Network India (UN GCNI).
- **Awarded to -** National Thermal Power Corporation (NTPC) Ltd, India's largest integrated power utility.
- Category Water Resilience.
- **Awarded for** Organizations in India that have made significant strides in advancing sustainability and corporate responsibility, aligning with the United Nations Sustainable Development Goals (SDGs).

# • Eligibility:

- Business of any size and sector.
