### Scheme for Conservation, Development and Sustainable Management of Medicinal Plants

***Prelims** - Current events of national and international importance | Government policies and interventions.*

#### Why in News?

Recently, government has approved projects under integrated Component of Scheme for Conservation, Development and Sustainable Management of Medicinal Plants.

- It is a central sector scheme that was approved by the cabinet in 2008.
- **Aim** - To provide project-based support throughout the country for different activities.
- **Implemented by** - National Medicinal Plants Board (NMPB), Ministry of Ayush.
- **Coverage** - All across India.
- **Support** - Both financial and technical support are provided.
- Technical support was provided to farmers including tribal farmers.
- **Integrated component** - Forward and backward linkage in supply chain of medicinal plants.
- It includes activities like
  - Infrastructure for Quality Planting Material
  - Information Education Communication (IEC) activities
  - Infrastructure for Post-Harvest Management and Marketing
  - Quality Testing and Certification of raw material
- **Importance** - It provided local employment through project activities approved under integrated component.
- It provided short-term income especially to women.
- These efforts led to direct income generation and promoted inclusive economic growth at the grassroots level.

#### Other Government Support for Medicinal Plants

<b>Mission for Integrated Development of Horticulture (MIDH)</b>	Provide <u>financial assistance for area expansion</u> of short duration medicinal plants.
<b>Ministry of Tribal Affairs</b>	It supports <u>value addition, processing and marketing</u> of forest and agricultural produce gathered by tribal communities under <ul style="list-style-type: none"> <li>• PM Janjatiya Vikas Mission (PMJVM)</li> <li>• PM- Janjati Adivasi Nyaya Maha Abhiyan (PM JANMAN) scheme</li> </ul>

***Mission for Integrated Development of Horticulture*** is a Centrally Sponsored Scheme for the holistic growth of the horticulture sector covering fruits, vegetables, root & tuber crops, mushrooms, spices.

### National Medicinal Plants Board (NMPB)

- **Set up in** - 2000.
- **Nodal ministry** - Ministry of AYUSH (Ayurveda, Yoga & Naturopathy, Unani, Siddha & Homoeopathy).
- **Aim** - To promote coordination between various ministries, departments and different organizations.
- To enhance overall conservation, cultivation, trade and export growth of medicinal plants sector both at the Central, State & International level.

### BHU-NEER Portal

*Prelims - Current events of national and international importance | Government policies and interventions.*

### Why in News?

Recently, the Ministry of Jalshakti includes some of the latest and user-friendly features to the BHU-NEER portal.

- Bhu-Neer portal is designed to serve as a one-stop platform for **managing and regulating ground water resources** in 2024.
- **Launched by** - Central Ground Water Authority (CGWA).
- **Nodal Ministry** - Ministry of Jal Shakti.
- **Coverage** - Project supports in 19 States/UTs.
- **Aim** - To control indiscriminate groundwater extraction and promote sustainable management.
- **Features**
  - **Centralized Database** - It maintains a centralized database containing crucial information on groundwater compliance, policies, and sustainable practices.
  - **Target Users** - It caters to industries, infrastructure projects, and mining projects that require groundwater extraction permits.
  - **No Objection Certificate (NOC) Applications** - It provides a quick and easy platform for filing online applications for No Objection Certificates (NOCs) for groundwater abstraction.
  - **Compliance and Water Conservation** - It emphasizes compliance such as the

construction of rooftop rainwater harvesting structures and installation of sewage treatment plants.

- Pan based single id system provides ease of access and integration
- Query module for one-to-one interaction with CGWA
- Real time Sms & Email alerts.
- **Significance** - Promotes transparency, efficiency, and ease of doing business in groundwater governance.
- The portal also aims to ensure building rooftop rainwater harvesting systems and setting up sewage treatment plants.

## Telecom Industry Expansion in Rural Areas

*Prelims: Current events of national and international importance*

### Why in News?

Recently, the Minister of State for Communications and Rural Development highlighted the infrastructural expansion of the telecom industry in rural areas.

- The approved projects have been funded through **Digital Bharat Nidhi (DBN)**, which inter alia, includes the following: -
  - Comprehensive Telecom Development Plan (CTDP) for mobile connectivity in the North Eastern Region, Andaman & Nicobar islands and Lakshadweep islands.
  - Scheme for providing mobile services in Left Wing Extremism (LWE) affected areas and Aspirational Districts.
  - 4G Saturation Project for providing 4G mobile services in uncovered villages.
  - Amended BharatNet project to provide broadband connectivity to the Gram Panchayats (GPs) and villages.

***BharatNet project*** aimed at providing broadband connectivity to all Gram Panchayats (GPs) in the country. It is one of the biggest rural telecom projects in the world.

- **Policy initiatives for expanding of 5G services** -These initiatives include to make available affordable services to users.
- Auction of spectrum for 5G mobile services.
- Financial reforms to rationalize Adjusted Gross Revenue (AGR), Bank Guarantees (BGs) and interest rates.
- Removal of Spectrum Usage Charges for spectrum acquired in auction of 2022 and

thereafter.

- Simplification of procedure for SACFA (Standing Advisory Committee on Radio Frequency Allocations) clearance.
- Launch of GatiShakti Sanchar portal to enable fast-track growth of digital communications infrastructure.
- RoW(Right of Way) Rules to streamline RoW permissions for installation of telecom infrastructure.
- Time-bound permission for use of street furniture for installation of small cells and telecommunication line.
- **Benefits** - With the availability of high-speed mobile network, there has been increased adoption of online banking services, e-commerce.
- Improved online education as well as online government services among the users across all sections of society including those in rural and semi-urban areas.

### Digital Bharat Nidhi

- **Established** - Under the Indian Telegraph (Amendment) Act, 2003
- **Telecommunications Act, 2023** - The Universal Service Obligation Fund, has become the Digital Bharat Nidhi (DBN).
- **Mandate** - To support universal service through promoting access and delivery of telecommunication service in underserved rural, remote and urban areas.

## India's Deep Ocean Exploration

***Prelims:** Current events of national and international importance*

### Why in News?

*Recently, the Union Minister of State for Earth Sciences noted India's deep ocean exploration activities in a written reply to a question in Rajya Sabha.*

- **Ministry** - Ministry of Earth Science.
- Indias exploration activities conducted under the [Deep Ocean Mission](#).
- **Allocation for exploration** - As a part of ISA, India has been allotted a 75,000 square km area in the Central Indian Ocean Basin.
- 10,000 square km area in the Central Indian Ridge and Southwest Indian Ridge of the Southern Indian Ocean.
- **Exploration activities** - Centre for Marine Living Resources and Ecology (Kochi), attached to Ministry of Earth Sciences, has conducted biodiversity surveys across 19 seamounts in the Arabian Sea and the Bay of Bengal,

- From the survey, *1300 deep-sea organisms have been collected*, studied and vouchered, *including genomic analysis* for select organisms and the discovery of nearly 23 species that are new to science.
- **Collaborative research** – Projects are undertaken and funded to various government and private laboratories, universities and institutions.
- **Data dissemination** – The Marine biodiversity data is collected through research publications and shared with the [UN Ocean Biodiversity Information System](#).
- The [Marine Microbial Information Portal](#), developed by the National Institute of Ocean Technology (Chennai), provides genomic sequence data of deep-sea microbes collected in the public domain.
- India is a member of the ***International Seabed Authority***.

### Quick Facts

#### International Seabed Authority (ISA)

- It is an intergovernmental organization established under the 1982 United Nations Convention on the Law of the Sea (UNCLOS).
- Its primary role is *to organize, regulate, and control all mineral-related activities* in the international seabed area, which lies beyond the limits of national jurisdiction, for the benefit of humankind.
