- It has been named after the dominant **Apatani community** in recognition of their ingenuity in the conservation of wild flora and fauna.
- **Apatani community** - The Apatani, or Tanw, also known by Apa and Apa Tani, are a tribal group of people living in the **Ziro valley** in the Lower Subansiri district of Arunachal Pradesh in India.
- UNESCO has proposed the Apatani valley for inclusion as a World Heritage Site for its "extremely high productivity" and "unique" way of preserving the ecology.
- **Nyishi** - **Largest ethnic group in Arunachal Pradesh**.

3) Consider the following statements with respect to Abhaya Mudra

1. It is the gesture of the raised open palm that is commonly understood as conveying reassurance and a freedom from fear.
2. It symbolizes Buddha's victory over Mara, a demon representing temptation and distraction.
3. Gandhara art was one of the earliest sources of Buddha's physical depictions.

How many of the statements given above are correct?

- a. Only one
- b. Only two
- c. All Three
- d. None of the above

Answer : b

Abhaya Mudra

The Leader of Opposition in his recent speech has invoked abhaya mudra, the gesture of the raised open palm that is commonly understood as conveying reassurance and a freedom from fear.

- In Sanskrit, the term mudra could mean a seal, mark, sign, or currency, but in the Buddhist context, it refers to "hand and arm gestures".
- It was made during the course of ritual practice or depicted in images of buddhas, bodhisattvas, tantric deities, and other Buddhist images".
- Mudras are most commonly associated with visual depictions of the Buddha (or Buddharupa), with different gestures conveying different moods and meanings, signifying the subtle

manifestations of the Buddha's states of realisation.

- In the earliest depictions of Buddharupa, four mudras are:
 1. Abhaya mudra or "gesture of fearlessness"
 2. Bhumisparsa mudra or "Earth-touching gesture"
 3. Dharmachakra mudra or "gesture of the wheel of dharma"
 4. Dhyana mudra or "gesture of meditation"
- **Abhaya mudra or "gesture of fearlessness" - It is the gesture of the raised open palm that is commonly understood as conveying reassurance and a freedom from fear.**
- The right hand is raised to shoulder height, Palm faces outward with fingers pointing upward and sometimes the thumb may touch one of the fingers.
- It represents protection, peace, and the dispelling of fear and conveys reassurance and security.
- It is rooted in ancient Indian traditions, particularly Buddhism.
- It is one of the earliest mudras depicted in Buddha images.
- **Bhumisparsa mudra** - Is the "earth-touching gesture" commonly depicted in Buddha statues.
- **It symbolizes Buddha's victory over Mara, a demon representing temptation and distraction.**
- It represents the moment of Buddha's enlightenment.
- Symbolizes the union of skilful means (right hand) and wisdom (left hand).
- It is believed to help transform anger into wisdom.
- **Gandhara art** - It was **one of the earliest sources of Buddha's physical depictions.**
- This art emerged from the northwestern part of the Indian subcontinent, in areas that are now part of Pakistan and Afghanistan.
- Gandhara art showed **Hellenistic (Greek) influences.**
- These depictions began around the turn of the first millennium CE.
- Later, Buddha's physical depictions also appeared in Gupta period art in the Gangetic plains.

4) Consider the following statements: *Information is Empowering*

Statement-I: A scholar warrior is a military professional who combines intellectual acumen with combat prowess.

Statement-II: The Warfare & Aerospace Strategy Program (WASP) is conducted by the Indian Army to nurture "Scholar Warriors."

Select the correct answer using the codes given below:

- a. Both Statement-I and Statement-II are correct and Statement-II is the correct explanation for Statement-I
- b. Both Statement-I and Statement-II are correct and Statement-II is not the correct explanation for Statement-I
- c. Statement-I is correct but Statement-II is incorrect
- d. Statement-I is incorrect but Statement-II is correct

Answer : c

Scholar Warrior

Air Chief Marshal recently highlighted the significance of an old military concept of "scholar warriors" in his speech at an event.

- A scholar warrior is a military professional who combines intellectual acumen with combat prowess.
- This concept emphasizes the integration of academic knowledge and strategic thinking with traditional warfare skills to navigate complex modern security challenges.
- **The Warfare & Aerospace Strategy Program (WASP) is conducted by the Indian Air Force to nurture "Scholar Warriors".**

- The concept of "Scholar Warrior" is unique to the Indian Air Force and not found in other militaries globally.
- They are expected to have expertise only in traditional battlefield methods.
- The concept of "Scholar Warrior" *can be traced back to ancient Indian epics like the Mahabharata.*
- The training of them includes knowledge of future technologies and civil faculty involvement.
- They are trained to think critically and act in anticipation of emerging threats.
- The concept of it **promotes adaptability** in different operational scenarios.
- Interdisciplinary expertise is not considered a critical attribute for "Scholar Warriors."
- The concept is designed to shape the next generation of military leadership.

5) Phytophthora Infestans, sometimes seen in the news recently, is associated with?

- a. An invasive plant species that causes food shortage for the wildlife population.
- b. An insectivorous fish that has a high breeding capacity.
- c. A substance extracted from seaweeds for thickening or emulsifying agent in food products.
- d. A pathogen that causes potato blight and remains a major threat to potato crops globally.

Answer : d

Phytophthora Infestans

Researchers have recently found that Phytophthora Infestans, Pathogen responsible for Irish Potato Famine originated in Peru and not in Mexico.
