

Q) Discuss the Pros and cons of the production linked incentivised scheme (PLIS) (10 marks)

Ans) PLIS scheme of the govt. of India is a form of performance linked incentive to give companies incentives on incremental sales from products manufactured in domestic units.

Eg - 'Semicon India 2023' for semiconductor manufacturing
Amd, foxconn etc. of companies.

Pros and cons of PLIS scheme

(A) In economic

- Reduce Imports of rare earth metal.
- Economic growth. (GDP ↑)
- It Impact on the international relationship of India

(B) Social

- Emergence of domesticated market.
- It impact on merchant of foreigner.
- Common man can't purchase (high price of product)

(C) Environment.

- In this scheme, electric product made by India then it affected our natural (renewable source) things.
- Forest land may be cutting for infrastructure.

(b) Technology

- Advance technology use in it. (skilled workers in it)
- ~~Employ~~ unskilled employment ~~reduce~~ increases.

(E) (P) Quality product made

(P) No of products may be less.

(F) (P) Most of people can be benefited on this scheme But

(W) Indigenous people cannot aware of this scheme.

In summary of It is said that the PLIS scheme is good for our economic environment, etc. But ~~at~~ its proper implementation is important for welfare of people.
