

Indian parliament is not a mere a legislative body, Explain how parliament act as the effect check & balance mechanism. Suggest measures to address the challenge faced by the parliament in performing this role?

More than legislative body India Parliament body is Responsible form of the government. Recently opposition leader seeks Prime minister for special parliament session to discuss the April 22 Pahalgam Attack.

Effective Mechanism of Indian Parliament / significance

Decentralized → adopted Parliamentary form of government to ensure responsible govt

Accountable → Maintain Accountable through various committee
Ex: PAC - on Commonwealth game scam 2010.

Check & Balance → Check the executive and balance the power.

Scrutinizing bill → It enable various input from diverse sectors of people and committee to enhance the bill.

Budgetary oversight → Control Govt finance through appropriate govt. & post budgetary scrutiny.

Question hour, Zero hour advertisement
Important Mechanism
↓
no-confidence motion & censure motion
→ Standing committee
→ Adhoc committee
calling attention motion

Regardless have above significance & effective mechanism. to check & balance the Executive still face challenges by the Government -

Post budget / scheme scrutiny → will give clear picture about the Policy output.

Most of Report from the Parliamentary committee still in debate in Parliament.

Lack of scientific & specialised knowledge input in policy making & scrutinizing.

Need for integrate technological improvement will bridge the gap & improve confidence on the Govt by the People.
