1) With G20 Presidency, India can do well on Enhancing digital health and preventing Emergencies. Explain.

↳ G20 is an intergovernmental forum comprising 19 countries and European Union. The G20 countries account for 85% of the world's GDP (Gross Domestic Product)

↳ India

↳ India is currently part of G20 India. India has an exceptional opportunity to address some of the common developmental challenges faced by Global actors.

↳ India can be the defacto voice of Global South. This presidency offers a potent platform to achieve convergence in multilateral partners to engage in Health Cooperation and work towards action

↳ Three Priorities

1) Health Emergencies Prevention
2) Preparedness and Response (One Health and Anti Microbial Resistance (AMR))
3) Strengthening the Global Healthcare Ecosystem

↳ Enhancing Digital Health and Preventing Emergencies

↳ Another priority area where India can also share its efforts in achieving targets under

Sustainable Developmental Goals (SDGs) is
Digital Health.

- ↳ Covid has led to increased demand for digital health in primary Healthcare delivery, underscoring the need for better incorporation of cutting edge digital technologies into health and care services in areas such as telemedicine surveillance and remote clinical management.
- ↳ Some digital platforms
 - ↳ e-Sanjeevani Platform => tele consultations recently crossed 80 million consultations.
 - ↳ CowIN platform => it's been a strong, reliable and scalable technology backbone for COVID management.
 - ↳ Ayushman Bharat-Pradhan Mantri Jan Arogya Yojana (AB-PMJAY) is the world largest insurance of 75 lakh per beneficiary for poor and vulnerable families.
- ↳ Way forward
 - With G20 Presidency, India will do well to focus on enhancing digital health and preventing emergencies.
