

1) What is Jeddah Conference? How it upholds the Ukraine's sovereignty and territorial integrity in finding a way to end the conflict b/w Russia and Ukraine?

Recently, many developing countries in the Global South and some western countries convened a meeting in Jeddah, Saudi Arabia to speak on the issue of Ukraine - Russia war.

Jeddah Conference:

It is a conference held in Jeddah where 42 countries are participated to find a way to end the conflict between Ukraine and Russia.

India also participated in the meeting and our NSA Ajit Doval attended the conference.

After the 16 months of Russia - Ukraine war, Jeddah conference has been seen as a major step by the western countries to end the conflict.

Jeddah conference is not like a typical peace conference. Russia is not

Participated in the war.

Ukraine and its western Allies and the leading economies from Global South also participated in the Conference.

The main aim of the Conference is to finding a way to initiate peace talks between the war countries and to end the conflict.

Upholds Ukraine's sovereignty & to end the war:

1) participation of china:

It is seen as important that china is participated in the conference. It took a different stand in the previous Denmark conference where china is not participated.

2) Developing countries from Global South:

India, Saudi Arabia, Israel, china are the important countries participated.

All the countries are keeping good relationship with Russia.

3) Easy to initiate Peace Talks:

As Russia's most neighbouring countries are participated in the meeting including china, it has been seen by the western countries that it is easy to convenience Russia to initiate Peace Talks.
