Do you think Stopping of no detention policy in schools a right move to Improve the level learning levels of childrens? discuss.

NEED TO SCRAP "NO DETENTION POLICY"

1) It creates a lack of Incentive for Students to learn since they know that there no chance of fail.

2) It Makes the teachers to less Inclined towards teaching and clearing the doubts of the Students.

3) Students Lack focus on Learning till class VIIIth and the rate of dropout Increases after class VIIIth.

4) It reduces the quality of education at elementary level.

5) Lack of motivation in parents because they feel Sure that their children won't fail.

Even though, no detention Policy Contributed for degrading of elementary education it had certain remarkable achievements like increase in enrollment in elementary level, decrease in number of dropout cases.

Learning should not be forced based on the fear of failure ~~rather~~ Instead the Students should be motivated to learn. Teachers should be obligated to teach to ensure overall development of Students Irrespective of the results

In this regard Scraping of "No detention policy" may Increase the learning level of childrens. However the No detention policy was Introduced to reduce the dropout rate thus before Scraping of the policy the dropout rate in the elementary level should be checked.
