① India should stick to plan to better the lives of Rohingya until they return home. Substantiate.

Rohingyas are ethnic muslims of Buddhist majority Myanmar. Residing in the Rakhine State, speaks Bengali dialect.

Rohingyas crisis.

Myanmar does not consider Rohingyas as indigenous to the history of Burma. Thus by 1982 Nationality Law, Rohingyas were removed from Myanmar citizenship.

2017 came the real issue where State sponsored ethnic cleansing took place, which led to displacement of more than 10 Lakh Rohingyas.

Bangladesh cox bazaar → holding 9 Lakh Rohingyas is the world's largest refugee camp.

Rehabilitation Issue

Recently union minister Mr. Prati released proposal to rehabilitate Rohingyas

to flat build for EWS ~~at~~ with facilities and police protection for security. Presently Rohingya lives in a land donated by some Islamic Charity

Controversy

Hours after the proposal, MHA denied such proposal. It was seen as due to pressure from VHP and MHA always sees them as a threat despite India's motive of 'Vasudeiva Kudumbakam'

Possible Impacts.

⇒ Increasing Islamic Radicalisation among Rohingya youth may be used for Anti India Activities.

⇒ N.E security - NSCN-IM has base near the north of Assam state.

India as Regional Leader.

India could not perform its role as a regional leader in convincing Myanmar

to rehabilitate its citizens. ~~and~~ and to broker
between Dhaka & Nepiydaw for resettlement
of rohingyaas.

~~Thus~~ In the absence of any
long term measure ^{it is} India's duty to provide.
such facilities to reinstata that India
though not a signatory to 1951 refugee
convention
protocol & 1967 refugee protocol, welcomes
refugees and to enhance its image in the
global world.
